War Stamps to be Used on April 15th

Re one cent War Tax on letters and post cards mailed in Canada for delivery in Canada, United States or Mexico; and on letters mailed in Canada for delivery in the United Kingdom and British Possessions generally, and wherever the two cent rate applies.

A War Tax of one cent has been imposed on each letter and post card mailed in Canada for delivery in Canada, the United States or Mexico, and on each letter mailed in Canada for delivery in the United Kingdom and British Possessions generally, and wherever the two cent rate applies, to become effective on and from the 15th April, 1915.

This War Tax is to be prepaid by the senders by means of a War Stamp, for sale by Postmasters and other postage stamp vendors.

Wherever possible, stamps on which the words "War Stamp" have been printed, should be used for pre-payment of the war tax, but should ordinary postage stamps be used for this purpose, they will be accepted.

This War Stamp, or additional stamp, for war purposes, should be affixed to the upper right hand portion of the addressed side of the envelope or postcard; close to the regular postage, so that it may be readily cancelled at the same time as the postage.

In the event of failure on the part of the sender through oversight or negligence to prepay the War Tax on each letter or postcard above specified, such a letter or postcard will be sent immediately to the nearest Branch Dead Letter Office.

It is essential that postage on all classes of mail matter should be pre-paid by means of ordinary postage stamps. The War Tax stamp will not be accepted in any case for the pre-payment of postage.

MAC'S CORNER

On July 21st every voter in Alberta will have the privilege to vote for or against PROHIBITION.

If every woman in Alberta could vote, what would be the result?

Which farmer would get the most benefit from a crop of barley? The one that drank the beer made from his own barley, or the one that fed his barley to his pigs and ate the pigs?

Does prohibition prohibit? The law forbids murder, and still there are men killed. The law forbids theft, and still there are a bunch of horse thieves in the Calgary jail now. We might enumerate other crimes that are prohibited by law, only there is no need; and we do not see voters asking for these other crimes to be licensed, so why licence the cause of MOST crimes?

Please do not worry that the Alberta Prohibition Law will not prohibit. It is liable to prohibit a little too strong to be satisfactory to some.

THURSDAY, APRIL 8th, 1915

Carlstadt South

VERY gratifying are the reports in town this week of the big acreage proposed to be put in crop in the C. P. R. land, south of town. The coming of Grant, Smith & MacDonald to the New Dominion farm, and the purchase of a large tract of land by Boston capitalists, makes a new era of prosperity and development for the district, and the "Town with a Territory."

Busy? Some!

WE have an idea that this issue will not be read with the same careful attention that the farmers of the district generally accord the home paper. The reason: they will be eternally busy; from the first crow of the rooster to the last ray of the setting sun. We wish for every farmer that this will be the best year he ever had.

For a Larger Carlstadt

IT may seem a paradox, but its true never-the-less, that this year of war and pestilence, supposed hard times, etc., Carlstadt stands to have one of the best building years in its history. Two elevators are spoken of seriously. A number of citizens are studying plans already for handsome residences and business blocks on the burned area will most assuredly go up. Of course, a lot of this programme being carried out, depends on the present crop prospects being maintained.

Polonia

R. S. Clarke and sons Harry and Charlie, made a trip to the Wilson ranch on Monday to look after some horses.

Mr. and Mrs. C. C. Mills, of Peerless, spent Sunday with Mr. and Mrs. J. B. Swift.

While on their way to Tripola on Friday, Mrs. Jennie Zimmerman and daughter Bernice were accidentally thrown out of the rig. Fortunately they were not injured.

Polonia school opened on Tuesday, after two days Easter vacation.

It is not only the people around Polonia that are feeding their horses too much wild oats, which make them run away, but we understand that some of the Tide Lake people are trying the same thing.

The many friends of Mr. and Mrs. William Gray will regret to learn of the death of their two months old baby boy, which occurred at the home in Walnut Grove, Mo.

Mr. and Mrs. A. Hill and Mrs. Malone and son took Easter dinner with Mr. and Mrs. Wm. Hunter.

Fred Whitehead was a Medicine Hat visitor Monday.

Marshall Ballard is helping the C. W. L. Co., to bring their horses and mules over from Nanton, where they wintered.

W. G. Boyd and George Turtle are hauling grain from Carlstadt.

The frogs are enjoying themselves these warm days. It is reported that this is the first spring in ten years that they have been able to enjoy a swim.

After spending Good Friday at Bingville, our office boy has returned with the following song: If Copenhagen stood in Bingville,

For my native land I would not shed a tear; Every fellow would be seen, with a charming Danish girl, If they'd only move old Denmark over here.

Royal

H. E. Kimball now has J. J. Embree, of Castor, and his brother overhauling and repairing his plow rig. They will be ready to start plowing as soon as the land is in proper shape to work.

The U. F. A. of Royal added a few members to the Union on Saturday. The next meeting will be held at Helgoland in four weeks.

A nice time was enjoyed at Royal Saturday evening at the literary meeting: although the crowd was not very large on account of bad roads. H. W. Johnson amused us for a while with a comical speech. The debate was won by the affirmative by ten points. After supper, a dance was indulged in.

H. E. Kimball has taken a contract with the Cypress Grain Co., to rake several hundred acres of Russian thistle; and is on the field with his own teams and H. Constock, Joe Hopkinson, Clifford Flanders, E. F. Kimball, Miss Lilly Kimball is dishing out the "hash" to them. Also, Mr. Pratt, of the Cypress Grain Co., has a new building under way over the main building.

(Last weeks letter)

Spring has come at last! The snow has been slowly melting, and has filled the ground with water like a sponge. It seems like we can expect that big crop this year.

The farmers are making a desperate effort to get their seed grain hauled home through the mud. We why this hardship was imposed upon us; when we had the best of roads all to haul over.

Miss Edith Flanders leaves Royal on Wednesday for Romaneau.

A merry party from Rainy Valley called on friends at Royal on March 26th; and a four horse load then started for the Helgoland schoolhouse to the dance, where a good time was enjoyed.

A temperance lecture was held at the Royal schoolhouse on March 27 with a fair attendance. Rev. Clysdale gave an interesting talk on the subject. Later, a temperance organization was formed with John Bone president; Peter Bateman, vice-president; H. E. Kimball, secretary-treasurer.

A. S. Hunter finishes his term of school at Royal this week. The board has applied for another teacher, but we are afraid there will be a break in our school for a few days.

Hugo Smith leaves on Wednesday to work for the S.A.L. Co.

Farmers' now is the time to poison the gophers; 50 cents invested in poison now, will save you many dollars in your crop later on.

H. E. Kimball was in Suffield Monday after seed grain for Chas. Neff, whose farm he is renting this year.

R. Rodman has returned from Idaho, and will try farming in this district again.

H. Constock has rent the Crocker farm. Mr. Crocker has been engaged as blacksmith with the Wheatlands Co.

H. E. Kimball was woke up Sunday night by a lost man. After carefully directing him to the straight and narrow road, H. E. rolled back to sweet slumber, hoping the man did the same.

Mrs. Henry Constock is on the sick list at present.

In spite of the bad roads the farmers are hauling their seed grain from Carlstadt and Suffield in such quantities that we wonder where it can all be sown.

So many of our neighbors are leaving here for work in other parts that it makes us feel lonesome. But come back in time for harvest boys.

The school closes up for the want of a teacher. It looks to some of us like saving pennies, while throwing away dollars; to turn off a teacher who is doing fine with the school, and hire a new one.

From the Empress Express

318 Loughheed Building,
Calgary, Alberta
March 22nd, 1915

Mrs. E. Leonard,
Empress, Alberta,
Dear Mrs. Leonard:

Noticing your advertisement in the Calgary Daily Herald, of recent date, for a star cook, I desire to make application for the job. I feel that I am quite competent to fill the position as well as my stomach occasionally, and as to short orders, that is my specialty. I once made a short cake that was short of pretty nearly everything, except the dough. Indeed, I have had any amount of experience but will only detail a few of the most important.

In the first place, I ran a boarding house once. Finally, the boarders all left me, then I started boarding a train. I could never quite understand why they left, for I gave them three meals a day, Indian meal, oat meal and corn meal. Occasionally I gave them bunke-doughs which is on the order of hash only more accumulative. You know in hash they draw the line, but in bunke-doughs you throw the line right in and cook it too. It is made out of whatever you have most of. Anything that is missed in it has been left out because it hasn't been left over. It gave my boarders gastric gymnastics. Its a money maker though.

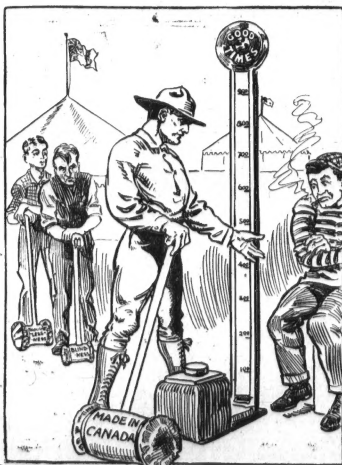

In the second place it was "I" that put the hole in the doughnut I made some doughnuts about three years ago and have a few of them as souvenirs you know. I remember the dog got hold of one of them and took it out in the yard and buried it. He thought he had a bone. And as for pie—well, I can cook the most affectionate pie you ever saw; the lower crust is always so dead stuck on the upper one. My application may be a little late, but I feel certain after reading the above if you have already hired someone, you will immediately fire them and engage me.

Your obedient cook,

Tide Lake

Jack Wygodny was in town Monday. Jack represents the west Tide Lake country.

Al Kellberg drove in Saturday after a 250 mile jaunt from Camrose, where he has spent the winter. Al says he is going to go double this year, as it looks like an age in the hole to him.

The Tide Lake community was visited Saturday by a nice spring rain. Pretty good for a start.

It is reported that W. Hancock intends turning his farm into a summer resort. There is sufficient water since the snow went off, to make boat racing good.

Everyone came to the U.F.A. on Saturday the 10th. Lunch will be served and the ladies are cordially invited to attend. "Women Suffrage" is the subject for debate. Boys, bring your girls; and those who haven't got a girl, bring some one else's.

We note from the "Brutus" items that the prophets of that neighborhood say there will be lots of mosquitoes this summer. Better look on the bright side of life while you have a chance and don't borrow trouble. The merchants can sell you netting to keep the mosquitoes off but they'll sell you good crops; so let's have the preservative of moisture with more added.

Everybody keep your eyes open for news concerning the U. F. A. picnic. It is the intention to make this the crowning event of the season. Prepare to come and enjoy a day of real pleasure. There will be attractions that will almost tickle you to death to see; and would cause you to be angry with yourself the balance of your days, if you miss them.

Farming operations were begun bright and early Monday morning. Tide Lake farmers are no doubt the first in the field this spring.

We Tide Lake folks congratulate the live citizens of Carlstadt on their good intentions to make a clean town. We wish you the best of success in your efforts.

Communication

Dear Editor:

Certain reports are being circulated to the effect that the Hudson's Bay Co. is selling liquor today without a license; and is not subject to certain provincial laws. It has been feared also that they could operate wholesale liquor stores in this province, in defiance of the prohibition law. I am investigating this matter and next week will publish the official letter. Hoping it will relieve all doubts, I am,

Respectfully yours,
Fred E. Clysdale.
